THE TULIP THAT WON A BEAUTY CONTEST

The Magnificent Farncombe Sanders

Sells for Less than 5c Each

Sold with a Money-Back Bond

ORDER NOW—PAY NEXT FALL

DURING our Tulip show last year, we asked a thousand visitors to cut and bring to our office the five tulips they liked best. The Farncombe Sanders won by a huge majority. This result did not surprise us a bit, for many years the Farncombe Sanders has led all others in popularity. It is the world's best-seller among Tulips.

The Farncombe Sanders has a deep red color. Its color is as bright as the tulip's color. It is the only tulip that has been shown in England in six years. It is the only tulip that has been shown in the U.S. in six years. It is the only tulip that has been shown in the U.S. in six years.

Plant Farncombe Sanders in your garden. It will give you a beautiful display of tulips in your garden.

50 Bulbs (Reg. Price \$ 2.75), Special Price \$ 2.45
100 Bulbs (Reg. Price \$ 5.50), Special Price \$ 4.90
250 Bulbs (Reg. Price \$13.75), Special Price \$12.25

These tulips are sold with a money-back bond. If you are not satisfied, you may return them for a full refund. No change of address necessary.

FREE FERTILIZER

With every order, we will send you a free packet of fertilizer. It is the best fertilizer for tulips. It is the only fertilizer that has been shown in the U.S. in six years. It is the only fertilizer that has been shown in the U.S. in six years.

Named Tulips

Elliott's Hand Made Mixtures

Each Mixture Guaranteed to Contain Ten Distinct Varieties. All named in this catalog

THE USUAL method of preparing a mixture of anything is to take so many of this, so many of that and so many of the other, throw them in a pile, and mix them with a wooden shovel. A mixture so made is a perfectly honest mixture, but what an individual customer gets out of it is obviously the result of chance.

FOR ADVANCE ORDERS ONLY, we will prepare five hand-made mixtures. Our new bulb warehouse, the finest thing of its kind in the world, contains a thousand bins. Every day, as required, ten employees will count out five bulbs each from ten named stocks and dump the fifty bulbs into one bin, repeating the operation until all of the bins are filled. **EACH BIN WILL CONTAIN FIFTY BULBS AND NO MORE.** Consequently to every customer who orders fifty bulbs of one of these mixtures, WE

GUARANTEE THAT HE WILL RECEIVE TEN NAMED VARIETIES, five bulbs of each variety. We further guarantee that all the varieties used are offered in this catalog. We cannot afford, at this price, to pack the bulbs under separate names nor allow the customer to specify what varieties shall be included. The choice must be left entirely to us.

Customers wishing less than fifty bulbs will have their orders counted from one of these bins. **EXCEPTING WHERE THE ORDER CALLS FOR BULBS IN MULTIPLES OF FIFTY,** we cannot guarantee that they will be filled with equal quantities of the ten named varieties, but it is probable that they will be. To the best of our knowledge and belief no other bulb house in the world has the facilities to prepare mixtures as fine as these and it will probably be years before any one else can attempt it.

Pot Plants for Immediate Delivery

For the convenience of people who wish to plant in May and June, we have prepared the following plants for delivery during these months. The majority of them are pot-grown and the others have been prepared for transplanting. Stock offered in this list will be delivered immediately on receipt of order. Bulbs offered in this Catalogue will not be delivered until Fall. Plant prices F. O. B. Pittsburgh.

POMPON CHRYSANTHEMUMS Pot Plants, \$2.00 for 12, \$12 per 100

These are the small-flowered Chrysanthemums of the old-fashioned gardens, and bloom in October and November, after almost all flowers are gone. They are showy in the garden and effective as cut-flowers and being perfectly hardy and of easiest culture, can be successfully grown in any garden. We offer, a fine collection of the best varieties, ranging from white to deep crimson.

Capt. R. H. Cook. Tall, rather small-flowered variety of rich, dark flesh-pink, with the petals fringed at the tips and tinted with old-gold toward the center. A favorite everywhere.

Doris. Fine bronzy variety with very short petals, making perfect, compact blooms. Popular.

Lillian Doty. Unquestionably the finest and most popular of all pink Pompons, and larger than most, blooming in very compact clusters. Rich flesh-pink, with a cream undertone. Early, and always dependable. Tall.

Klondike. A true Pompon with rather small blooms of brilliant yellow. Showy and dependable.

Marie Antoinette. A very dark pink flower of substance and high quality.

Mrs. Nellie Kleris. A darker pink than Lillian Doty, with a white undertone instead of cream. Very handsome and one of the best in masses.

Mitzi. Yellow flowers of small or medium size, with red centers before fully open. Very attractive and decorative.

New York. Small, button-like flowers of bright yellow and old-gold, tinged with bronze and crimson. Dwarf.

Red Button. Dwarf, button type. Dark bronzy red. Early flowering and very decorative.

Red Doty. Lillian Doty type, rosy gray on outside and dark crimson within. Splendid habit, and profuse bloomer. One of the best red varieties.

Skibo. A bright yellow variety of medium size, occasionally tinted rust-red in center.

Varsity. Button type. Early; rich deep yellow.

White Doty. Exactly like Lillian Doty in shape of flower but clusters more compact, and pure creamy white, almost cream-yellow in the center. Early flowering, very dependable and handsome.

SPECIAL OFFER BEST RED CANNA

The President

Without doubt this Canna possesses every desirable quality. Flowers are a beautiful red of immense size, unsurpassed in vigor and an extremely free bloomer. An excellent place to use Cannas is where a temporary planting is made or in some spot where shrubs or perennials have disappeared. We have an exceptionally fine lot growing in pots ready for immediate shipment. 4" Pots, \$3.00 per doz.; \$20.00 per 100.

ANCHUSA ITALICA (Dropmore Variety)

A grand improvement on the original type of *A. italica*, or Italian Alkanet, and a plant which, on account of its remarkable freedom of flowering and its beautiful blue color, is sure to become one of our most popular hardy perennials. It attains a height of 5 to 6 feet and produces its pretty blue flowers, which are from 1 to 1½ inches in diameter, throughout the entire summer. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

NEW ASTILBE ARENDSII

This new type is the result of crossing *A. Davidii* with *A. japonica compacta*, *astilboides*, and *A. Thunbergii*. The plants are of very vigorous growth, 2½ to 4 feet high, producing many branched, feathered heads of flowers. They prefer a half-shady, moist position in any ordinary garden soil.

Pyramidalis. Pure white. 35c each; \$3.50 per doz.

Thunbergii, Moerheimi. A new variety introduced from Europe. The panicles are extremely large, but the flowers are quite small and pure white. July. 35c each; \$3.50 per doz.

Pink Pearl. Smaller panicles but many of them; clear, deep, rose-pink. June, July. 3 feet. 35 cts. each; \$3.50 for 12.

ANTIRRHINUM (Tall Snapdragon)

The colors are radiant with feeling, blending all the dainty fine hues with a passionate crimson that actually seems to throb with emotion. No flower garden is complete without these; and no persuasion is necessary to induce the owner of a garden to cultivate them. They belong to the inner circle of genuine friends, tested by time and permanently loved. A very pretty effect is made by blending the tall and the semi-dwarf. Half-hardy perennials.

Per 12 Per 100

3-inch pot plants, Assorted Colony..... \$1.75 \$12.00

BAMBUSA JAPONICA (Metake of Gardens)

One of the best known of all the hardy Bamboos. The stems are often 15 feet high, with internodes 6 to 9 inches long, and with tapering leaves a foot long, smooth and shining above, glaucous beneath. It forms fine clumps when sheltered from the East wind, and will grow in drier situations than most Bamboos. Large plants, \$1.50 each; doz. \$15.00.

CALIMERIS INCISA

Grows readily in any good soil, and is an extremely dainty little perennial. The flowers are white or slightly tinged with purple and have a bronzy yellow center. 1 to 2 feet. July and August. \$2.00 per doz.; \$13.00 per 100.

CAMPANULA - BELLFLOWER

These are among the most beautiful and well-liked of the entire list of border plants. There are various types all throwing up a liberal number of flower spikes along which are a crowded profusion of good sized bells; adapted to any garden soil.

***Carpatica** (Carpathian Bellflower). Trailing plants with bright green foliage, studded with erect, steel-blue bells an inch across. Full sun. July-September 6 to 8 in. \$2.50 per 12; \$15.00 per 100.

***Carpatica alba** (White Carpathian Bellflower). A very charming white variety, indispensable in the rockery. Full sun. July-September. 6 to 8 in. 25 cts. each; \$2.50 for 12; \$15.00 per 100.

Persicifolia (peachleaf Bellflower). More persistent than the Canterbury Bells. The stalks are spire-like, the bells are smaller, and drooping. Two varieties: Blue and White. July. 3 ft. \$2.50 per 12; \$15.00 per 100.

Pyramidalis (Chimney Bellflower). Noble, erect plants, covered with innumerable, rather small, bell-shaped flowers. Not as easy to have as the others but the finest. August, September. 5 to 7 ft. Two varieties: Blue and White. \$2.50 per 12; \$15.00 per 100.

CERASTIUM

Biebersteini (Improved Snow-in-Summer). A low-growing plant which bears a multitude of small, white flowers. The foliage is silvery white and the entire plant makes a desirable edging or carpeting for borders and beds; it is attractive throughout the entire season. \$2.25 per doz.; \$14.00 per 100.

CENTAUREA (Perennial Cornflower)

Montana. Grows 2 feet high, bearing large, violet-blue flowers from July to September. \$2.50 per doz.; \$15.00 per 100.

Montana alba. A white variety of the above \$2.25 per doz.; \$14.00 per 100.

DAPHNE - GARLAND FLOWER

Cneorum (Rose Daphne). Leaves dark green and glossy above, glaucous beneath. Dwarf shrub of trailing habit. Bears small pink, fragrant blooms in numerous panicles. 8 to 10 in., \$1.50 each.

DELPHINIUM

Chinense. Fine feathery foliage and intense gentian-blue flowers in open panicles. \$2.25 per doz.; \$14.00 per 100.

Chinese Album. A pure white form of the above. \$2.25 per doz.; \$14.00 per 100.

DIANTHUS

Deltoides (Maiden Pink). Dainty border plant. Flowers deep red with crimson eye. \$2.25 per doz.; \$14.00 per 100.

DICENTRA

Eximia (Fringed Bleeding Heart). Almost a perpetual bloomer, as the flowers are produced all Summer; foliage fernlike. \$3.00 per doz.; \$20.00 per 100.

IBERIS (Candytuft)

Saxatilis coriifolia. Candytuft. A large snow-white flower. 8 to 10 inches. May. \$2.50 per doz.; \$15.00 per 100.

Sempervirens. Hardy Candytuft. The flowers are white, borne with great freedom, while the foliage may remain green all winter. About 1 foot. April to June. \$2.25 per doz.; \$15.00 per 100.

KNIPHOFIA - RED HOT POKER

These extraordinarily beautiful flowers are also called Torch Lily and Tritoma.

Pfitzeri (Bonfire). Long spikes of tubular, orange-yellow flowers, extremely striking when grown in masses. August, September. 2 to 3 ft. 30 cts. each; \$3.00 per 12; \$20.00 per 100.

LYCHNIS VISCARIA SPLENDENS FLORE PLENO

(Double Rose-pink Champion)

Double Red (Ragged Robin). Forms a dense tuft of evergreen foliage, and in June it sends up tall spikes of handsome double, deep red flowers of exquisite fragrance, and remains in perfection six weeks. 25 cents each; \$2.50 per doz.; \$15.00 per 100.

MERTENSIA VIRGINIA (Blue Bells)

An early spring-flowering plant, growing about 1 to 1½ ft. high, with drooping panicles of handsome light blue flowers, fading to clear pink. One of the most interesting of our native spring flowers. May and June. 25 cents each; \$2.50 per doz.; \$15.00 per 100.

MYOSOTIS

Scorpioides semperflorens (Dwarf Perpetual Forget-me-nots). An improved variety of the old-fashioned true Forget-me-not. Flowers bright blue; borne all Summer. 8 inches. \$2.25 per doz.; \$14.00 per 100.

OENOTHERA - SUNDROPS

Glaucia fraseri (Fraser's Sundrops). Tall, imposing plants with very large, bright yellow flowers open only in sunshine. July. 3 to 4 ft. \$2.25 per doz.; \$14.00 per 100.

***Missouriensis** (Ozark Sundrops). A lower variety than *O. frutescens*, with very broad, bright yellow flowers. Sun. June, July. 1 ft. 30 cts. each; \$3.00 for 12; \$20.00 per 100.

Speciosa rosea (Pink Sundrops). Lower-growing than *O. glauca fraseri*, with very large, saucer-like whitish or pale pink flowers of great beauty that open only in sunlight. July. 2 ft. \$2.50 per doz.; \$15.00 per 100.

***Frutescens youngi** (Young's Sundrops). Stiff-stalked plants crowned with bright yellow flowers which close at night. Sun. June, July. 1 to 2 ft. \$2.25 per doz.; \$14.00 per 100.

PENTSTEMON

Torreyi (Torrey Pentstemon). An excellent variety of this American plant that is used chiefly for garden borders. The flowers which are scarlet or crimson and orange, are produced freely in June and July. \$2.25 per doz.; \$14.00 per 100.

PENNISETUM JAPONICUM

This new Hardy Grass is very desirable. It grows 4 feet high, with slender, graceful foliage and showy plumes thrown well above the leaves. Most valuable for adding variety to the garden planting. 25 cts. each; \$2.25 per doz.

ELLIOTTS

KARLSRUHE BALCONY PETUNIAS

Several years ago, while motoring in Germany, we saw the most beautiful Petunias trained on the iron railings of the balcony of the town hall of Karlsruhe. It was the most effective balcony decoration we had ever seen. There was only one color—a lovely rich violet-blue, a color never seen in Petunias before. The front of the balconies was a solid sheet of color. Inquiry developed that these remarkable Petunias were being shown by a local specialist. We were unable to obtain any seed until a few years later when we got a small quantity.

Violet Blue
Carmine

Pure White
Rosy Pink

3 inch pot plants \$1.75 per doz.; \$12.00 per 100.

GAILLARDIA (Blanket Flower)

Improved Strain

We offer the finest improved strains of this superior garden flower. Gaillardias are simply invaluable as cut flowers. Their gay blossoms are obtainable in continual profusion from June to November. These improved varieties are noted for their immense flowers and free blooming qualities. Planted in bold groups they provide a glorious spot of color on the summer landscape. Of easy culture, they seem to grow and thrive with little care, withstanding drought. Give them a rich soil and plenty of water and they will respond accordingly. We have a fine lot of extra strong pot plants which will be sure to give complete satisfaction.

Grandiflora. Gold and orange-red flowers of great boldness and beauty. Fine for cutting. July-September. 2 ft. \$2.00 per doz.; \$13.00 per 100.

PHYSOSTEGIA VIRGINIANA

False Dragon. An American plant forming large clumps which in July and August are covered with light pink flowers. \$2.25 per doz.; \$14.00 per 100.

POLEMONIUM CERULEUM

(Jacob's Ladder)

Useful border plants about 12 inches high, with deep green, finely cut foliage and spikes of showy blue flowers in May and June; of graceful growth. \$2.25 per doz.; \$14.00 per 100.

PRIMULA POLYANTHUS

This charming Spring blooming plant belongs to the Primrose family, the hardy varieties of which are so very popular in England, but are rarely seen in this country, owing partly to an impression that they cannot be grown in this climate. This is a mistake, as they do very well here. For the front of the borders and shrubbery, for Spring bedding, and for naturalizing in moist and partly shaded places nothing can be finer.

Large-Flowered White. An improved variety with very large flowers; very fine. \$2.00 per doz.; \$13.00 per 100.

Large-Flowered Mixed. \$2.00 per doz.; \$13.00 per 100.

Cashmeriana. Large-leaved variety, as hardy as it is handsome, and when planted in moist, rich loam, grows as vigorously as a cabbage. \$3.00 per doz.; \$20.00 per 100.

RANUNCULUS - BUTTERCUP

Acris pleno (Double Buttercup). A double-flowering form of the common, native Buttercup, with very handsome, glossy, rich yellow flowers. May, June. 2 to 3 ft. \$2.50 per doz.; \$15.00 per 100.

*SAXIFRAGA - SAXIFRAGE

Cardiifolia (Heart-Leaved Saxifrage). Bright pink clusters of flowers very early in spring, followed by broad, shining, dark green leaves. Sun or semi-shade moisture. March, April. 1 to 2 ft. 30 cts. each; \$3.00 for 12; \$20.00 per 100.

Lingulata (Leichtin's Saxifrage). A similar form with dark pink flowers and crimson leaves. Half shade, moisture. April, May. 12 to 18 in. 30 cts. each; \$3.00 for 12; \$20.00 per 100.

SALVIA (Scarlet Sage)

Improved Dwarf. Spikes of brilliant scarlet flowers. \$1.50 per doz.; \$10.00 per 100.

Splendens. The old-fashioned, tall-growing variety. \$1.50 per doz.; \$10.00 per 100.

HYBRID TEA **ROSES** EVERBLOOMING

Prices for strong 2-year field grown plants in pots \$1.00 each; \$10.00 per doz. except where noted.

- Ophelia.** Very pale pink. Golden base.
- Radiance.** Bright pink.
- Red Radiance.** Bright cherry-red.
- Red Letter Day.** Brilliant crimson-scarlet.
- Souvenir De Claudius Pernet.** Clear, light yellow flowers.
- Souvenir De George Beckwith.** Large salmon-pink flowers.
- Souvenir De Georges Pernet.** Orange-pink flowers.
- Sunburst.** Pale yellow flowers, deeper center.
- Talisman.** New. Combination of golden-apricot, yellow, deep pink and old rose. \$1.75 each.
- Wm. F. Dreer.** Pale flesh-pink tinged with yellow.
- Willowmere.** Coral-pink illuminated gold and yellow.

ELLIOTT NURSERY CO.

Pittsburgh, Pa.

Tulip Time at Elliott's.

Every offer in this book *positively* closes July 1 ~

EARLY in July our buyers sail for Holland to get the pick of the best bulb crops. To place your order after sailing date, is to buy too late; it would then be impossible to fill your order. Your advantages under this method are many: Ours is the Biggest Bulb House in the World. We import on such a large scale that we can and do sell the world's finest, super-quality, named bulbs at prices lower than are charged for nameless, second rate ones.

As we deal with scientist-specialists in each variety, rather than with ordinary growers, you can be certain that every Elliott bulb is exactly as named and described, that every bulb is fresh and healthy, and that every bulb has reached its full maturity and is ready to produce its finest flowers.

Order Now

Pay Next Fall

The Elliott Money-Back Bond protects you to the limit. October is planting time. We make no deliveries until the bulbs should go into the ground, so we do not require payment until delivery time.

As you go through this catalog, you will find a greater variety of bulbs than any retail store could possibly carry. But, better than this, you will find Elliott bulbs described with an accuracy of detail that is impossible to the average clerk. So, when you put an Elliott bulb into the ground, you know exactly what kind of a flower it will bring forth.

Remember Elliott's Super-Quality Bulbs cost less than nondescript ones, remember that we **import** to your order. Your bulbs will be selected and packed in Holland and will be shipped to you immediately upon their arrival in this country next fall, perfectly fresh, double-tested, and in the best possible condition.

But you must be prompt; your order must reach us by July 1st.

Elliott Nursery Company, 505 Magee Bldg., Pittsburgh, Pa.

The Darwin Tulip Garden at Elliott's.

Giant Darwin Tulips

(Flower in Late May)

GORGEOUS, flaming, regal beauty . . . strong, fine lovely blooms . . . on tall, sturdy, stately stems. No wonder the Darwin is the best liked of all Tulips; no wonder it is the favorite of those who have neither the time nor the inclination to work long and hard in their gardens.

All Tulips, but especially Darwins, will thrive anywhere, in any kind of soil. And while a little care is desirable, Darwins will do surprisingly well even when neglected. So, Darwin Tulips are ideal for the beginner; for the man with his first garden, who is troubled by the doubts and fears of inexperience.

Darwins produce vivid, striking color effects; they make an excellent special garden, or a solid bed along a boundary line. Massed in borders in front of shrubbery and hedge, they are a joy to all beholders.

For best effects, allow four bulbs for each square foot to be planted.

The Graduate's Special

Order Now—Pay Next Fall

SOLD WITH A MONEY-BACK BOND

TO many beginners, tulip colors are alike and equal: red is red, pink is pink, and blue is blue. But when the amateur graduates into the expert's class, he is attracted only to that which is superfine. He seeks the subtle differences in texture, in color and light reflections. To him these qualities are priceless. This Graduate's Hand Picked Darwin Collection has been selected from blooming bulbs, by experts under the direction of Mr. Elliott. It will satisfy the most exacting connoisseur.

AFTERGLOW. Deep orange and salmon with salmon edge.

FAUST. The finest purple-maroon Tulip.

LA FIANCEE. The finest old rose Tulip.

LOUISE DE LA VALLIERE. The finest sherry-rose Tulip.

QUEEN MARY. The finest cerise-rose Tulip.

For those who would be exclusive

The New Mendel Tulips

(Flower in Late April)

FOR those who want to be in the advance of things, for the gardener who takes pride in having tulips others are not likely to have, for the man who likes to introduce the new and unusual to his neighbors, here is the New Mendel.

It is the newest thing in tulips, and the present vogue in smart European Society. The strain is new, the bulbs are very scarce. The New Mendel has not been generally tested in America, but Mr. Elliott saw them in Holland, and selected a few of the best varieties.

We have tried out these varieties in our own fields; so we are satisfied that they will thrive in this country. **We do not hesitate to sell them with our Money-Back Bond.**

The New Mendel is unquestionably the Tulip of the future. Its blooms are as big as the Darwins, it has the same brilliant color range, the same robust health, but its own distinctive and beautiful shape. Also, it blooms several weeks ahead of the Darwins, and **can be grown in the house in winter months.**

For best effects allow five bulbs for each square foot to be planted.

Bunch-Flowered Tulips

The Sensation of the Tulip Show

THOUGH we had seen and admired these tulips in Holland, until recently we had not had an opportunity to test them under American conditions. Last year we exhibited them for the first time in our Tulip Show where they created a profound sensation. With hardly an exception every order booked at the Tulip Show included the bunch-flowered tulips (Tulipa Multiflora).

The standard tulip, as you all know, produces one flower to the bulb. The bunch-flowered tulips, growing to a height of two feet, produce from four to eight full sized tulip flowers on each stem. Not only are the colors lovely but the effect is an entirely new development from anything heretofore seen in tulips.

The Hybrid Tulip Corner at Elliott's.

New Hybrid Tulips

An Achievement in Rare Colors

(FLOWER IN LATE MAY)

Dido.

THIS Tulip is the scientific victory of a Dutch scientist. He has accomplished the impossible; the **pure** white, and the **pure** yellow. To the artist-gardener, this accomplishment has satisfied a yearning long considered hopeless. To the tulip lover, who is more interested in beauty than in science, the New Hybrid provides a color range hitherto impossible; it gives you the rainbow; all the colors of the sky and the spectrum to play with.

As the New Hybrid is a blood relation to the Darwin and the Breeder, it combines all the desirable qualities of both, and more. It thrives everywhere; it is healthy and strong and its blooms are large and lovely. It is definitely in the Giant class. It is more desirable, because concentrated in one flower, there are color combinations impossible in the Darwin or Breeder. For several years, the New Hybrid will be a semi-rare bulb, for it is a new bulb. So, its price is somewhat higher than those that are plentiful.

Imagine having tulips like these for cut flowers in one flower, orange, red, deep red, brilliant orange, black and yellow—in another, bronze and gold—and in another, lilac and white. But read the descriptions and envision the beauty the New Hybrid will bring to your garden.

For best effects allow four bulbs to each square foot to be planted.

Yellow Giant.

Ambrosia.

First Choice Among the Hybrid Tulips, "Nectar"

After first seeing the lovely Hybrid Tulips it was obvious that sooner or later Tulip lovers everywhere would adopt them for their own gardens. The only question was how long it would take before they became known.

At our Tulip Show last year thousands of people had the opportunity of seeing Hybrid Tulips for the first time. Consequently, it did not surprise us when they trampled the lawns adjacent to the Hybrid Tulip display bare of the last vestige of grass, and still more it did not surprise us when, with but two exceptions, every order for Hybrid Tulips included the glorious Nectar.

Nectar. Beautiful deep carmine-pink flowers slightly reflexed; graceful in form. Blooms earlier than the other tulips. Very strongly recommended

Breeder Tulip Garden at Elliott's.

Majestic Breeder Tulips

IN their giant size, their robust growth and their sturdy health, Breeder Tulips are identical with Darwins; even to their time for blooming. And like the Darwins, they are ideal for the beginner as well as the professional.

The only difference between the two is in the color range. Darwins have a flaming beauty, while the Breeders run to a wide, rich variety of pastel shades.

Read the descriptions, which follow, and see how easy it is to have a Tulip Garden far from the ordinary, in its unusual and delicate beauty.

Among the Breeders are royal purples tinged with golden bronze . . . lavender, violet, primrose and glowing bronze, all in one flower . . . in another, a marvelous blending of brown, lilac, yellow and bronze . . . and so they run; color harmonies, so lovely, and in such variety that every description makes happy reading.

It is fortunate that Breeders and Darwins grow alike and bloom at the same time. For when planted together, the result is wonderful. The adjacent illustrations will give you good ideas of these happy combinations.

For best effects allow four bulbs for each square foot to be planted.

Louis XIV

—The King of the Breeders

When we first saw this royal purple and gold marvel we proclaimed it the most beautiful Tulip in the world. Since then our judgment has been confirmed over and over again. As a class, the Breeder Tulips are exquisite beyond description. Yet at our Tulip Show more people commented on this wonderful Tulip than on any other Breeder.

When we first met Louis XIV the bulbs cost \$50.00 each. Now years of successful, scientific growing has increased the supply to where they may be, as they should be, in every American garden.

50 Bulbs (Regular Price \$3.75), Special Price \$3.00

Sold with a Money-Back Bond
ORDER NOW—PAY NEXT FALL

THE lovely colors and shades that fill the sky just before twilight . . . the delicate, peace-bringing pastel tints that come with the ending day . . . these hues are the inspiration for this Special Collection of Breeder Tulips.

Instead of vivid, vigorous, strong colors, here you have a soft, gentle glow of dainty beauty; the fragile beauty of refinement.

And with all this porcelain-like beauty, the bulbs are so virile and ruggedly healthy that they will thrive even if neglected.

FREE FERTILIZER

Old English Garden Tulips

— The Patrician
of Bulbs

(FLOWER IN MAY)

CENTURIES of Breeding are behind Old English Garden Tulips (Cottage Tulips). They have every attribute of their ancient and aristocratic lineage. Their shapes are many; they vary from the long, pointed, reflexed sort to the round, cup-shaped variety.

But all have the beauty, the grace, the elegance that come from generations of careful breeding. And with this careful breeding have come sturdy permanence, healthy growth and ever-satisfying beauty.

While some Old English Garden Tulips have long stems and large blooms, others do not; the slender, daintily shaped blooms have shorter stems. So, some should not be planted in masses; they make a better show when they have a background . . . in front of shrubbery, among perennials. They are charming among rose plants, as they bloom before the roses do.

Old English Garden Tulips give you the opportunity to fill your spring garden with many delightful beauty spots. Read the descriptions carefully; they will help you a lot in making your selections.

Would you like sweet-scented tulips? Here are some. Do you want the colors of your tulips to harmonize not only with themselves, but also with their surroundings? Your wish can be gratified, for the color range is wide: single colors . . . soft, delicate, beautiful blends and flushes . . . vivid, strong, contrasty colors . . . from one to six shades in a single flower.

For best effects allow five bulbs for each square foot to be planted.

Sirene.

Avis Kennicott.

Amber Crown. Pale yellow with broad stripe of lilac-brown through center of petals. Base green. A beautiful variety. Height, 18 inches	Doz.	100

The Area of Circular Beds

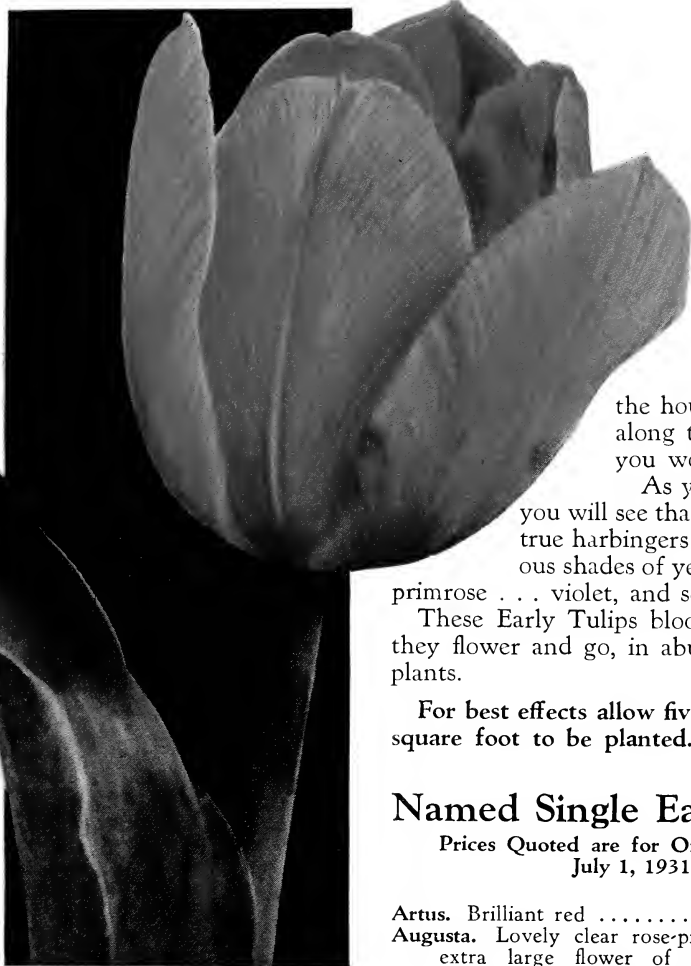

For the convenience of our customers who may wish to plant circular beds, we are giving the diameters of circles from 3 to 12 feet. The diameters are approximate since any area greater or less than $\frac{1}{2}$ square foot is not considered since it will have no bearing on the number of bulbs required.

A circle 3 feet in diameter has an approximate area of $7\frac{1}{2}$ square feet.
 A circle 4 feet in diameter, $12\frac{1}{2}$ square feet.
 A circle 5 feet in diameter, $19\frac{1}{2}$ square feet.
 A circle 6 feet in diameter, 28 square feet.
 A circle 7 feet in diameter, $38\frac{1}{2}$ square feet.
 A circle 8 feet in diameter, 50 square feet.
 A circle 9 feet in diameter, $63\frac{1}{2}$ square feet.
 A circle 10 feet in diameter, $78\frac{1}{2}$ square feet.
 A circle 11 feet in diameter, 95 square feet.
 A circle 12 feet in diameter, 113 square feet.

Quaintness. Walter T. Ware. Twilight.

The Gay and

(FLOWER IN APRIL)

Our Money-Back Bond does not apply on these in the Far South. The strong sun makes them bloom too soon; the flowers come when the stems are just an inch or so above the ground. In other latitudes this "forcing" does not happen, and our Money-Back Guarantee does apply.

LIKE the Robin, these tulips gladden the heart with the news that spring has really arrived. They are among the first flowers to bloom, after the drab barrenness of winter; their gay glowing colors are welcome carriers of happiness.

Early Tulips seem to belong in the front of the house. Group them on either side of the front door, along the entrance walk, and here and there, wherever you would like a beauty spot.

As you read the descriptions of the different varieties, you will see that Nature has colored them just right to make them true harbingers of the gladness of spring . . . rose-pinks . . . various shades of yellow . . . rose and lilac . . . cherry red . . . gold . . .

primrose . . . violet, and so on.

These Early Tulips bloom about 40 days ahead of the late varieties, so they flower and go, in abundant time for you to replace them with other plants.

The Double Varieties of Early Tulips

Our Money-Back Bond does not apply on these in the Far South. The strong sun makes them bloom too soon; the flowers come when the stems are just an inch or so above the ground. In other latitudes this "forcing" does not happen, and our Money-Back Guarantee does apply.

Flower
in April

WHETHER one shall plant the single Early Tulips or the double Early Tulips depends on whether one prefers delicate race or massive strength. Of the two the double Tulips are heavier and more sturdy and last longer in bloom. The color range of both groups is almost identical. However, the double Tulips are about a week later coming into bloom.

Like the single Early Tulips, the double kinds are best grouped at the entrance, though because of their heavier texture they are very effective planted in beds by themselves. They will thrive with very little attention and are, therefore, specially recommended for cemetery planting.

All double Early Tulips may be grown in the house during the winter months. See page 42.

For best effects allow five bulbs for each square foot to be planted.

Crown
of Gold.

The Rainbow Glory Collection

Order Now—Pay Next Fall

SOLD WITH A MONEY-BACK BOND

SOONER or later you will want some Double Early Tulips for your April Garden. To help you turn this "sooner or later" into NOW, we have designed this fine, strong, vivid Rainbow Glory Collection. The Double Early Tulip is quite different. This species is full of rugged strength and sturdiness. Also, it stays in bloom longer. Its full double flower is solid and multi-petaled; when in full bloom it resembles a peony.

IMPERATOR RUBRORUM. Finest scarlet Double Tulip.

MYSTERY OF INDIA. Exquisite terra cotta with bronze and rose.

MR. VAN DER HOEF. The finest yellow Double Tulip.

Late Show Tulips

The Tulip of Romance and History

(FLOWER IN LATE MAY)

WHEN Knighthood Was in Flower, this tulip grew in the Queen's garden. It comes down to us from before the days of the Tudors. For centuries this was the only kind that grew; you could get no others. In Colonial days, the colonists who came to America, brought bulbs like these to gladden their pioneer homes. They are stately and desirable, and are exactly right in the garden that surrounds a house of formal architecture.

For best effects allow five bulbs for each square foot to be planted.

	Doz.	100
Apollo (Rembrandt). Lilac-rose and white, striped dark carmine.....	\$1.15	\$8.00

Rare and Exclusive Triumph Tulips

(FLOWER IN LATE APRIL)

THIS is the founder of a new race of Tulips, and a smashing victory for a group of great Dutch Hybridists. It is the result of many years' careful development. For many years, this—The TRIUMPH—will not be available for general use.

Eventually, this variety will supplant the Darwin in popularity, but for a long time it will be rare and exclusive. Here are its advantages: it has the virility,

the form and the substance of the Darwin, but blooms five or six weeks earlier. Though an early bloomer, it has the giant size and long stems of the late varieties. It is easily forced. Because of its newness and rarity, the color range is limited; its colors, though, are unusually beautiful, especially for house decoration.

For best effects allow five bulbs for each square foot to be planted.

Carriage Prepaid on Every Shipment in the United States

The Gorgeous Parrot Tulips

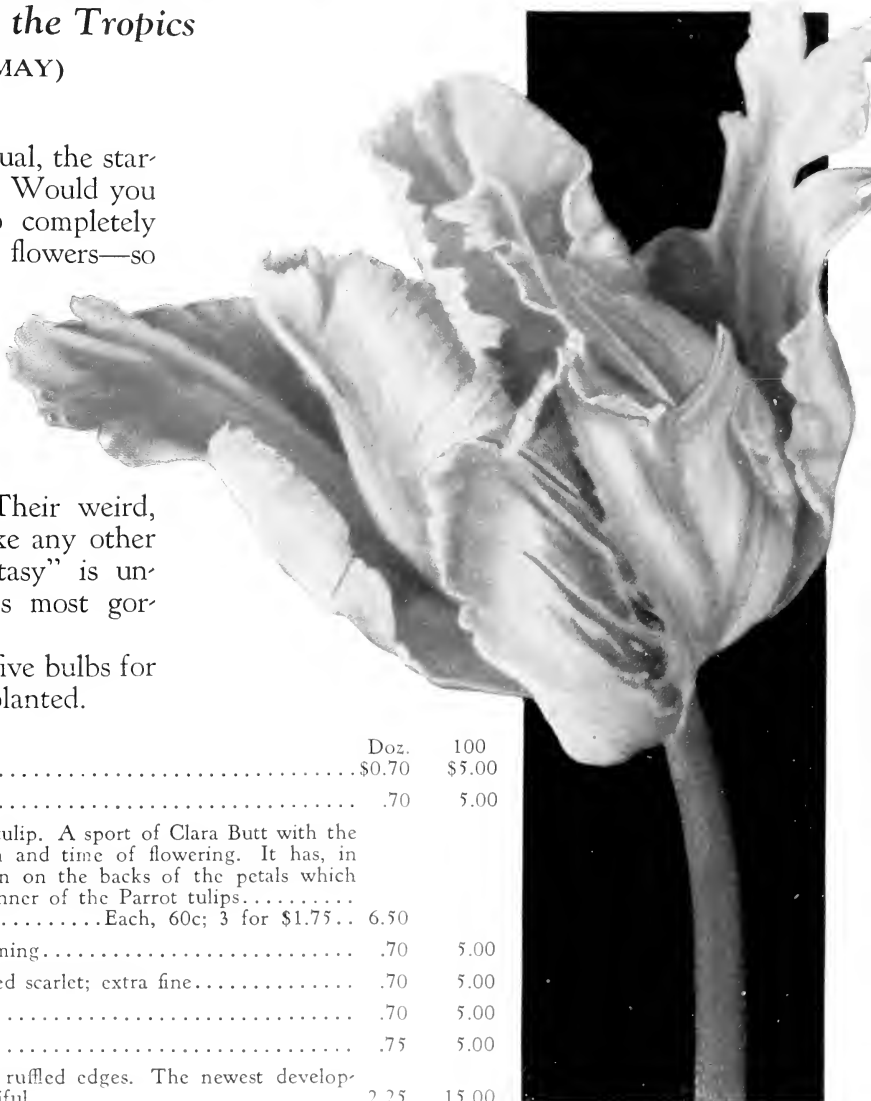

All the Vividness of the Tropics
(FLOWER IN MAY)

DO you seek the unusual, the startling, the dramatic? Would you like flowers that are so completely different from all other flowers—so strange—that they will provoke the startled admiration of your friends? Then plant some Parrot Tulips. Their gorgeous, lavish tropical colors are in large splashes. Their weird, fantastic shapes are unlike any other flower. The new "Fantasy" is unquestionably the world's most gorgeous Tulip.

For best effects allow five bulbs for each square foot to be planted.

Fantasy.

AVOID color clashes in the garden. Seek the more satisfying effect of related colors and shades. The collections offered on this page give you **beauty in contrast** and **harmony in blend**.

THESE two collections have been selected by Mr. Elliott, whose reputation as a landscape architect is national. Every tulip offered is healthy, virile and easy to grow. Be sure to have several of these groups in your garden.

Harmony in Blend

Gentle pastel tints, grouped to shade down to a blend; delicate, subdued effects.

Elliott's Tulip Show, 1930, Entertained 50,000 Guests.

America's Finest Outdoor Tulip Show A Garden of 50,000 Flowers

WOULD you like to see the finest Tulip Show that has ever been produced in this country? Then visit the magnificent outdoor exhibit at our **Evans City, Pa.**, nursery this spring.

You will see Fifty Thousand blooming Tulips, all the late flowering sorts—Darwins, Breeders, Hybrids, and so on, all grown from Elliott's Bonded Bulbs, all listed in this book and **every variety available for your own garden.**

Then, you will see new rare and scarce tulips; varieties so rare that they have never before been shown in this country; flowers so valuable that we are under contract to return the bulbs to Holland.

The background to this massed and glorious beauty consists of three acres of loveliness, planted with all the skill and knowledge we possess.

If you live in the Pittsburgh district, or if you plan to be in this vicinity, come to this show. You will enjoy a visit to the extensive gardens that comprise our nursery. You will be happy every minute you spend amid the restful beauty of our hill-surrounded, cultivated plateau.

Because weather conditions govern growing, the time cannot be determined now. Write us; we will let you know the dates later. There is, of course, no charge of any kind.

Carriage Prepaid on Every Shipment in the United States

Elliott's Bonded Narcissus

Northwestern Grown

IT is with great pleasure and satisfaction that we announce that we can now offer our Narcissus with every assurance that they will give abundant satisfaction. And we unhesitatingly back this statement with the Elliott Money-Back Guarantee.

Some years ago, the government prohibited the importation of Narcissus. This threw upon American growers the task of developing their own bulbs.

Extensive and conclusive experiments proved that the only worth while bulbs were those grown in the Northwest. Narcissus bulbs developed in other than a climate which has long, cool, moist springs, are unreliable and unsatisfactory.

You can pin your faith to Elliott's Narcissus. Every bulb is guaranteed to be Northwestern Grown, sturdy, healthy, and virile; they are every bit as good as the finest Holland bulbs.

So, once again you can have this exquisitely lovely flower at its very best. Plant them in your rockery and among your perennials, also at the edge of your shrubbery. They will last indefinitely and will bloom year after year.

All Elliott Narcissus will grow indoors during the winter months.

Single Narcissi

(Trumpet Daffodils)

A Bargain in Beauty

The Emperor Narcissus

For the Garden in Spring—For Indoors in Winter

Order Now—Pay Next Fall—Sold with a Money-Back Bond

THE appeal of the Narcissus is in its gentle, dainty beauty; a beauty that is expressed in its every detail. The Emperor is one of the largest and finest varieties. Its trumpet is a deep golden yellow, its perianth (wings or petals) an exquisite primrose.

For the spring outdoor garden, and for winter blooming in the house, the Emperor is ideal. It is easy to grow and does exceedingly well in almost any location, shady or sunny, or in moist or dry ground.

Emperor Narcissus are a permanent investment in ever-increasing beauty and value; for the bulbs increase in number and produce more beautiful flowers, year after year. So these advantages, coupled with our Bargain Price and our Free Seed Offer make this an irresistible opportunity.

BARGAIN PRICES

Fragrant Paper-White NARCISSUS

EVERYONE who likes growing things feels the need of flowers when winter comes. That is why people are so willing to pay high prices to florists. Many who have tried to grow plants indoors have given up, because of poor or indifferent results. For satisfactory success, some plants require much care, and expert knowledge. Others cannot be made to grow at all indoors. But the Paper White Narcissus cannot fail.

Experience Unnecessary for Abundant Success

Though you have never watered a blade of grass or planted a single seed, or cared for a single plant, the Paper-White Narcissus will grow for you. Or, rather, it will grow without you. All that is needed is the bulbs, a bowl, some pebbles, a little water, and **no attention whatever.**

Order Now— Pay Next Fall

**Sold With a Money-Back Bond
if Planted After Thanksgiving**

Every statement made here is substantiated by our Money-Back Guarantee. If these bulbs do not live up to our representations, your money will be refunded. We make just one condition: **the bulbs must be planted after Thanksgiving.** So you do not take a single risk. The bulbs will be delivered next fall, and payment will not be required until then. Send your order **NOW**, today, so that you can enjoy the beauty and fragrance of these Narcissus from Christmas on, all through the winter.

Spring's First Flower—The Crocus

(FLOWERS IN MARCH)

BETWEEN the melting of winter's last snow and the blooming of spring's first Tulip, a flat and barren landscape is an ordeal for sensitive people to endure. And it is quite unnecessary when Crocuses are available to fill in the void. It would seem almost foolish to deprive oneself of the joy that Crocuses bring. Even if one were indifferent on one's own account, isn't it selfish to refuse to add beauty to the world when beauty may be had at so little cost?

	Doz.	100
Albion. Striped white and blue.	\$0.50	\$3.75

May. The finest pure white crocus50	3.75
Mont Blanc. White; best50	3.75
Mme. Mina. Light blue, striped; very early; extra fine50	3.75

Crocuses, the earliest of all spring-flowering bulbs, are also the cheapest; and there is nothing else to take their place. If the foliage is not cut off they will last indefinitely. They should be used for edging tulip beds or any garden bed or shrub border. Scattered through the lawn, they will gleam like jewels against the verdant background.

For best effects allow seven to nine bulbs for each square foot to be planted.

The Lovely Hyacinth

(Flowers in April)

DELICIOUSLY scented, delicately beautiful in every detail, quietly refined and formal in shape and color, the graceful, dignified Hyacinth has a winning allure to those who are attracted to the elegance of simplicity.

To such people, spring would not be spring without their beauty spots of hyacinths. It is significant that children love them, and that millions of Hyacinths find themselves on the altars of churches.

Study the photographs of Elliott's choice Hyacinths, then read the descriptions of our many varieties. For

your garden there are virginal whites of many kinds . . . azure-blue, porcelain blue, deep dark blue, and blue touched with violet . . . yellows that range from orange to creamy white . . . reds from dainty pink, through carmine, to ruby-violet . . . But read the descriptions, select your choice and send your order. You will never regret growing these beautiful, fragrant flowers. Every Elliott Hyacinth can be grown indoors during winter. For best effects plant four bulbs per square foot.

First Size Named Hyacinths

"TOP ROOT, EXHIBITION
MOTHER BULBS"

Elliott's

Superb Bedding Hyacinths

THESE special Bedding Hyacinths are selected for uniformity in color, height and time of bloom and are specially packed for those who require a higher grade bulb and can be furnished in a mixture. They may be used for formal garden planting with every assurance that when they are in bloom, the design will not be ruined by having flowers of unequal height, differences in blooming time, weak stems or color clashes.

King of the Blues. (See page 35).

Single Mixed Hyacinths

A Real "Buy"

FOR those who want a real flower at little cost, Elliott's Single Mixed Hyacinths are impossible to beat. Considering their price, these are really unusual bulbs, and while they should never be forced, you will find it pretty hard to stop their growth if you plant them outside. We anticipate a heavy demand for this bulb this season.

Miniature Hyacinths.

Mixed Hyacinths.

Miniature Hyacinths

For Indoor Growing

LONG experience has convinced most garden lovers that Roman Hyacinths are much too high priced for their mediocre quality. Instead experienced planters are using the Single Small Forcing Hyacinth with results that are highly gratifying. Costing **less than half the price of Roman**, they give a flower of about the same size with larger bells and **a great deal more strength**. We are offering in this section only those varieties which produce the finest flowers and **force easily**, blooming early in January. This bulb was one of our best sellers last year.

Seven Hardy Bulbs That Flower in March

WHEN the shrubbery is bare, and every landscape is a depressing vista of sombre dreariness . . . when spring is a promise rather than a reality . . . then these seven brave little flowers bring cheer to the winter-weary soul.

Neither snow nor wind, nor rain can deter them from appearing on schedule time. Like mischievous little coquettes, they wave their cheerful colors to you from under the brown shrubbery or over the edge of the rockery.

Plant them once, and year after year they will come up every March to say, "Here we are, happy to make you happy!"

For best effects, plant 7 to 9 bulbs to a square foot.

Hardy Miscellaneous Bulbs for Naturalizing

CHIONODOXA (Glory of the Snow). Used largely for naturalizing. Very pretty blooms early in April.	Doz.	100

Flowering Bulbs for House Culture

Flowers in the House from Christmas Until Easter

Provided directions are followed and except where stated otherwise, the Elliott Money-Back Bond applies to all Bulbs for indoor growing

WITH only such facilities as every home has, and with about as much trouble as it takes to keep the eight-day clock running, one may, by selecting bulbs in the proper classes, have flowers to bloom in the house all winter. The amount of skill required is so little that a twelve-year-old school girl should be able to do it as well as the most experienced professional. The flowers produced are among the finest known to floriculture and you purchase exactly similar flowers all winter in the florist's shops at three times as much as it would cost you to grow them yourself.

If you are a beginner you will, of course, want some Hyacinths, since there is nothing easier to grow. You may use anything in the first sized named Hyacinths (page 34), the Miniature Hyacinths (page 38), or the Special Prepared Dutch Hyacinths for very early bloom, listed on next page. Equally easy are the Single Early (page 20), and the Double Early Tulips (page 22). The Triumph Tulips (page 24), grow as easily as the Early sorts. The Mendel Tulips (page 9), have

been developed specially for forcing and are easiest of all to grow in this way. Then there is the Narcissus (page 28), which seem almost to grow themselves. There are also the Lily-of-the-Valley and the Calla Lilies which require hardly enough attention to make the experience interesting.

The Freesias are a little more difficult, though still quite simple. The Lilies require some skill and the beginner should prepare himself for some disappointment the first time he attempts to grow them. Among late flowering Tulips the Breeders (page 12) and the Darwins (page 4) may be forced but to force them successfully requires real skill. Consequently, unless you are sure of your ability you had better stick to early Tulips and not try the Darwins and Breeders.

For your convenience we are listing below some of the more popular varieties. However, if you prefer others you may make your own selection. Keeping in mind what we have said above, you cannot possibly make a mistake.

Tulip, Murillo.

Calla Lilies

White Calla (*Richardia Aethiopica*). The White Calla, or Lily of the Nile, is a well known plant of easy culture, and in winter is one of our best window plants. To aid profuse blooming keep them dormant from the middle of June until the last of August; repot in good, rich soil, using 6- to 8-inch pot; give water, light and heat in abundance, and the result will be most satisfactory.

	Each	Doz.	100
Selected Bulbs	\$0.25	\$2.50	\$18.00
Extra Selected Bulbs30	3.25	24.00

7 to 9 inches40 4.00 30.00
9 to 11 inches60 6.00 47.00
11 to 13 inches75 7.50

FROM the earliest beginning of garden literature, the Lily has been highly esteemed. It is the most prized of all flowers today. True, there are easier flowers to cultivate; but perhaps we appreciate it the more for that. Unlike the tulip or the narcissus, which anyone can grow, a perfect lily is rarely produced by accident. It is a result of care and skill. It represents a triumph over conditions that most of our neighbors will not take the trouble to understand. Whoever has planted and tended it may indulge a little in the pride of achievement.

Yet lilies are not unduly hard to grow. A little study of their native habits, a little attention to the proper choice of varieties, a little effort to give these the degree of sun and shade, of drainage and of moisture to which they are adapted, and they will reward the gardener with miracles of exquisite bloom.

Japanese Lilies

Because of transportation difficulties, Japanese Lilies frequently do not arrive in time for fall planting, in which event we carefully pack them in sand and store them until spring, when they are distributed.

Each Doz. 100

Auratum. Gold-Banded Lily of Japan.

Large and graceful flowers of delicate ivory white, closely dotted with chocolate-crimson spots; the center striped golden yellow; a truly gorgeous creation. 3 to 4 feet. Flowers in August.

European Grown Lilies

Candidum—The Ancient Easter Lily

The beautiful and historic Easter Lily needs no introduction here, for, although the horticulturists call it *Lilium Candidum*, it is known all over the world as the Annunciation or Madonna Lily. Notwithstanding its rich beauty, many flower lovers deny themselves this fragrant Lily because of the incorrect belief that it must be planted early in September. At our own nursery we have planted as many as 10,000 in November to get beautiful blooms the following June, when we sold them to wholesale cut-flower buyers for double the price of the original bulbs! Elliott's *Candidum* bulbs are really the finest that come to America, being grown only in the north of France

	Each	Doz.	100
Selected Bulbs	\$0.35	\$3.50	\$25.00
Extra Large Selected Bulbs45	4.50	35.00

Testaceum (Excelsum) Nankeen Lily

Resembles more nearly than any other Lily a yellow *Lilium Candidum*. In favorable situations it will grow from 6 to 7 feet tall and it is the most graceful of all the lilies and its yellow color is exquisite beyond description. The bulbs are very scarce and orders for *Lilium Testaceum* will be filled in rotation as received and we cannot guarantee to fill late orders.

Lilium Regale—For Forcing or Outside Planting

The center of the flower is flushed with yellow, shading to white at the outer edges. Externally the flowers are streaked with brown shaded through the almost translucent petals with a delightful pearly tint. A truly royal lily and most extraordinarily beautiful. It has the merit of being hardy and as easy to grow as a carrot. It will grow anywhere, under almost any conditions and with no attention whatever. Its height is 4 to 5 feet and it blooms in July. Because of its great beauty and exceedingly easy culture it is the most popular of all the lilies and the lily most widely planted. It may also be forced.

	Each	Doz.	100
Selected Bulbs	\$0.50	\$5.00	\$38.00
Extra Selected Bulbs75	7.50	57.00

Superbum—The Lily that Defies Neglect

Superbum is unquestionably one of the most satisfactory and unusual Lilies. It can be planted in the garden or the meadows; in wet swamps or dry ground; on the edge of the woods or in cultivated ground. It will thrive wherever you put it—and it will grow without care or attention! On top of all this it is truly a superb Lily, as its name suggests; it often grows over eight feet high, producing 20 to 30 orange-red flowers in the one month when flowers are apt to be scarce—July. By virtue of our yearly contract to have 25,000 of these grand Lilies grown especially for us, we are able to offer them at a price low enough to make them available for naturalizing in quantities.

Glorify Your Garden With Lovely

"And larkspurs, many hued,
shall drive gloom from the groves!"

DELPHINIUM

(Perennial Larkspur)

BLOOMING all summer, coming up year after year, sending aloft successive shafts of incredible color to a height of five, six, eight feet—it is doubtful if any other plant so superb as Delphinium ever graced a garden.

Few people are aware of the perfection to which this ancient flower has been brought by modern culture, how easily it can be planted and grown, and how lasting a delight the gardener secures who plants Delphinium. If everyone knew, tall, hardy Delphinium would be more in evidence everywhere.

* * *

We offer specially selected plants grown from seeds of famous named varieties for autumn planting. Will grow anywhere but do best in rich garden soil. Every imaginable tint and shade of blue, lavender, and purple. We promise you'll find positive joy in their extraordinary bloom. Directions—few and simple—with each shipment.

Elliott's Magnificent Varieties

Improved English Hybrids. Range in color from very light blue to very dark blue, overlaid irregularly with tones of pink and lavender, rose, and lilac. Black spots on pistil and anthers at center of flower. Many blossoms show white secondary petals of white spots at bases of major petals. A wonderful wealth of color variation in the English Hybrids.

Fine Mixed English Hybrids. Dozen strong plants, \$2.50, fifty strong plants, \$7.50; one hundred strong

plants, \$15.00. Extra-selected varieties, 50c each; \$5.00 per doz.

Belladonna. Uniform light sky-blue. The most universally admired and desired of the solid-color varieties. \$2.50 per doz.; \$7.50 per 50; \$15.00 per 100.

Bellamosa (The improved Formosum). For solid dark blue color, unequalled among Delphiniums—positively the best. \$2.50 per doz.; \$7.50 per 50; \$15.00 per 100.

Delphinium Prices are F. O. B. Pittsburgh.

For several reasons, but mainly because plants will not thrive under neglect, our Money-Back Guarantee does not apply on these offers. We do promise that every Elliott Plant is true to name and is strong and healthy.

The Magnificent AMARYLLIS

For Indoor
winter growing
(Blooms in March)

*A strange and
beautiful flower*

WHEN Nature sleeps, when the ground is as hard as steel, and when every landscape is bleak and barren, the gorgeous Amaryllis will fill your home with luxuriant tropical beauty.

Picture having flowers like this to help dispel the cheerlessness of winter . . . large, lily-like blooms . . . beautifully formed and colored . . . a color range of reds . . . rose . . . crimson . . . scarlet . . . cherry . . . and maroon.

Each plant will average four big flowers, measuring from 6 to 8 inches in diameter. Occasionally one bulb will produce two stems, with blooms, and occasionally a stem will have five or six flowers.

Astounding Vigor—*Amazingly Easy to Grow*

In some respects the Amaryllis is a miracle bulb. It is hardly an exaggeration to say that it cannot fail. Lay a bulb anywhere in a warm room; it will flower. It is best, though, to plant in pots. If you have hesitated about growing flowers indoors because of the doubts and fears of inexperience, the Amaryllis is just for you.

No skill is required, nor will it give you any trouble. All you need do is watch the magic of its growth and beauty.

The Amaryllis is a semi-rare bulb. Heretofore, its price has been too high for it to become generally known. We are happy to announce that we are now able to offer these bulbs at a price so low as to attract thousands of flower lovers. Do not deny yourself the pleasure of having these strange and beautiful flowers. Send your order **Now**, today.

The Elliott GUARANTEE and MONEY-BACK BOND

EVERY bulb in this catalog is guaranteed to be first class in every respect, and absolutely true to name. And, except in a very few instances, every bulb we ship is sold with a Money Back Bond. This means that if you are in any way dissatisfied with results, you have

only to tell us; we will refund every cent you have paid. The bulbs will not have cost you a penny. There are no strings to this Bond; it is exactly as stated. In no case, though, shall we be liable for more than the purchase price of the bulbs.

TERMS OF PAYMENT, Etc.

Please read before ordering

HYACINTHS, Tulips, Crocuses, etc. The prices quoted in this list on all Dutch Bulbs, Bermuda Lilies and other bulbs are for advance orders, which must reach us not later than July 1, 1931. To make these very low prices, we must have our orders in advance, as we cannot take any risk of having stock unsold on our hands. The bulbs will be delivered upon arrival, and need not be paid for until after delivery. Prices quoted include duty and all charges, including freight, expressage, or postage, from Pittsburgh.

Time of Delivery Bermuda Lilies arrive in August, Roman Hyacinths, Freesias, Candidum Lilies and Paper-White Narcissi in September; Dutch Bulbs, Hyacinths, Tulips, etc., in October. In ordering please state whether you wish your bulbs shipped as they arrive or all in one shipment. In absence of instructions, we will send all bulbs in one shipment, except Japanese Lilies and Lily-of-the-Valley, which will be shipped upon arrival, in November, December, or the following spring. Transportation conditions are still so unsettled that we cannot guarantee time of delivery, but in the event of late delivery, northern orders will be shipped first, and extreme southern ones last.

Shipping Instructions Please send full shipping instructions. State whether goods are to be shipped by express or parcel post, and by what route. In the absence of instructions, we will ship by whatever method and route we think best. Please print your name and address on your order. Many times it is exceedingly difficult to read these two important points of an order, and a shipment may go astray.

All orders less than \$6.00 in value will be shipped C. O. D. Larger orders shipped on open account when requested. People unknown to us will please send references with their orders. Those who wish to send cash in advance with their orders will be allowed a discount of five per cent from the prices quoted on this list on all orders made up from this catalog, received before July 1, 1931.

The earlier orders are given, the better we can have them filled. Some of our customers are now giving us orders to be delivered next spring. Our representative usually sails for Europe early in July and personally selects the stock for all import orders received by July 1st.

Six plants of a kind will be furnished at the dozen rate; fifty or more at the hundred rate, and five hundred or more at the thousand rate. Less than six plants of one kind or variety will be sold only at the single rate.

No request for cancellation can be granted after July 10th, when the final orders are sent to Holland. Import orders taken subject to the failure of the crop.

With each shipment of bulbs we send printed cultural directions, giving full instructions for growing in the house as well as outdoors.

Bulbs and plants can now be sent by parcel post, and when it is advantageous we always do so.

Delicate, Dainty, Subtle Beauty

THE MARVELOUS . . .

Clara Butt

Order Now ~ Pay Next Fall!
SOLD WITH A MONEY-BACK BOND

THE Clara Butt towers above ordinary tulips because of its alluring beauty. It is one of the Big Four of the Tulip Kingdom. From its lovely tapering bud, to its exquisite, big, rich full flower, it is an ever-increasing joy.

Officially its designation is salmon-pink, but actually its rare color is exclusively, peculiarly and entrancingly its own. It catches and reflects every variation of light and shade. The Clara Butt is an all-satisfying tulip; it has been preferred by flower lovers through many generations.

Plant this bulb; it is easy to grow, and its health is remarkably rugged. Its strong, straight stems are 25 inches high. Its flower is large, even for a Giant Darwin.

BARGAIN PRICES

50 Bulbs (Regular Price \$2.50), Special Price \$2.25
100 Bulbs (Regular Price \$5.00), Special Price \$4.00
250 Bulbs (Regular Price \$12.50), Special Price \$11.00

FREE Fertilizer

With every order, we will send absolutely free, a liberal supply of Superfine Fertilizer and Soil Conditioner, made by us especially for these tulips. By enriching your soil, this plant food will improve the size and beauty of your blooms.

SOLD WITH A MONEY-BACK BOND

ONLY twice in 10 years have we been able to get a supply of these rare Hyacinth Multiflorus (many flowers) Bulbs. This time we have the entire world's supply, which is only 10,000 bulbs. Instead of charging a high price for these rare and exclusive creators of remarkable beauty, we offer them at the very low price of 30 cents each. Can you imagine a bigger thirty cents' worth anywhere. **One bulb will produce from 6 to 10 separate trusses; each truss will produce a big cluster of beautiful, fragrant flowers.** This fragrance and beauty come when you need it the most, when you want it the most; from January on, and right inside the house.

To make the distribution as fair as possible, we will sell no more than 12 bulbs to a person.

4 Bulbs in Four Separate Colors, \$1.20

Colors pink, white, light blue and dark blue.
